Lit/Dark WAN Fiber Lease Pricing Options:

The District is seeking RFP responses and pricing including vendor generated network designs, diagrams, integration, installation, and management service agreements for E-rate eligible lit/dark WAN fiber lease services between ECISD Network Operations Center and existing WAN locations (see site names and addresses in RFP) from E-Rate eligible telecommunications transport and internet service providers.

Responses must detail E-Rate eligible and non-eligible construction, design, engineering, and project management costs for lit/dark WAN fiber lease services. Non-E-rate components, services, projects, etc. will be detailed by vendor in RFP response and paid by the district in multi-year option as reviewed and approved by vendor and district representatives.

Lit/Dark Fiber Specifications must be included in the vendor RFP responses. All specifications are subject to review, consideration, and agreement by the district.

Lit/Dark Fiber Maintenance and Service Level Agreements must be included in the vendor RFP responses accordingly. All service level agreements are subject for review and enhancement at the request of the district.

Vendors may submit specific questions seeking clarification as needed. Responses will be timely.
